EVETTE ROSE

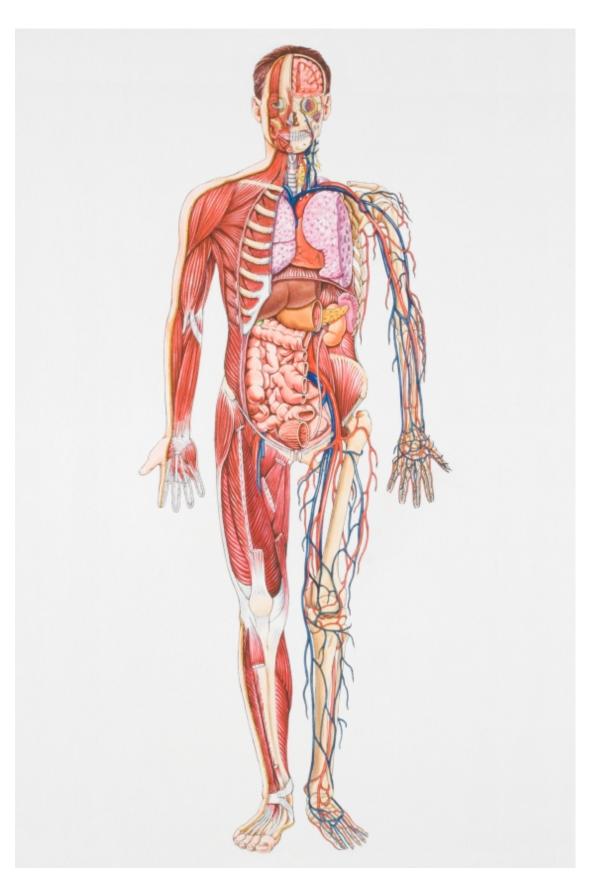

Metaphysical Anatomy Technique Volume 2 explains the core foundation and healing technique behind Metaphysical Anatomy Volume 1 which describes step-by-step guide for identifying the psychosomatic pattern related to 679 medical conditions. These conditions can be activated by circumstances in your present life, your ancestry, conception, womb, birth trauma, childhood or adult life. Volume 2 teaches you the foundation of Volume 1 including a powerful healing technique. There is also an Online Healing Course that you can combine with Volume 1 and Volume 2!

This true life story is a must-read for people who have either experienced abuse or care about someone else who may be trapped in processing their childhood experiences. This book brings an empowering message of hope, healing and understanding to anyone who feels challenged by their past..
